## Informazioni tecniche | Technical informations

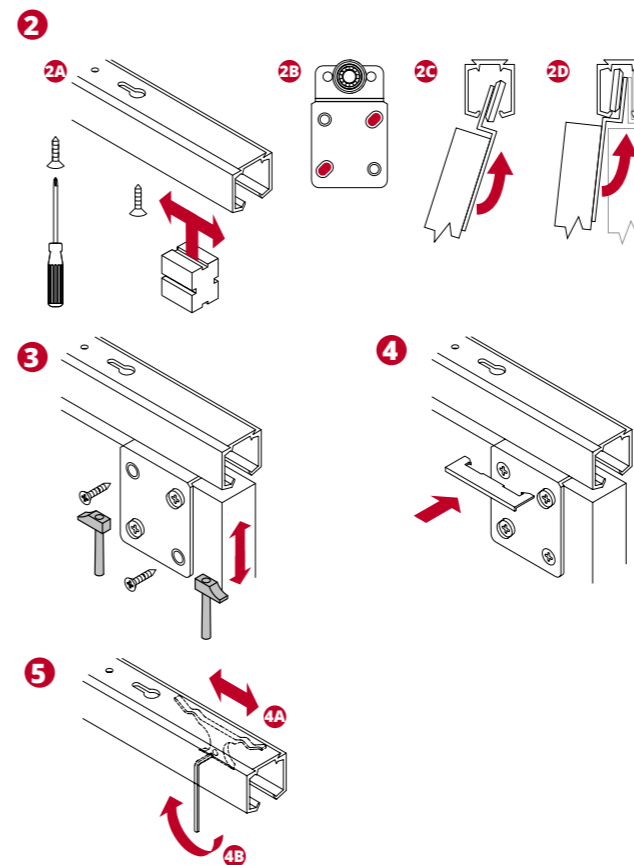

### Foratura delle ante | Doors perforation

## Istruzioni montaggio | Assembly instructions

**1** Inserire i fermi di finecorsa. E' possibile fare questa operazione sia dal basso (A) che dalle estremità del binario (B)  
Insert the limit switch stoppers. This operation can be done both from the bottom (A) or from the end of the rail (B)

**2A** Fissare il binario con le viti e pulire con art 220  
Fix the rail with the screws and clean by art 220

**2B** Fissare i carrelli con le sole viti nelle asole  
Fix the carriages with the screws only in the slots

**2C** Inserire l'anta interna | Insert the inner door

**2D** Inserire l'anta esterna e fissare la guida inferiore esterna  
Insert the outer door and fix the lower external guide

**2E** Fissare le guide inferiori art 2805, fissando prima l'anta esterna e poi quella interna  
Fix the lower guides art 2805, first fixing the outer door and then the internal one

**3** Regolare i carrelli e fissarli con le 2 viti rimanenti  
Adjust the carriages and fix them with the 2 screws

**4** Installare la piastrina anti-scarrucolamento in nylon  
Install the nylon anti-fleeting device

**5** Fissare il fermo al binario con l'apposita chiave a brugola (art 3308) nella posizione corretta di fine corsa  
Fix the stopper to the rail in the correct position, with the appropriate hex-key (art 3308)
