

CAIMEXPORT Master Universal

SISTEMA SCORREVOLE ANTE SOVRAPPOSTE

- sistema di scorrimento tradizionale per armadi con ante non complanari;
- la modularità di sistema differenziata da maggiore a minore portata, consente numerose versioni e possibilità di utilizzo;
- binari realizzati in alluminio anodizzato;
- il peso delle ante viene scaricato sul binario superiore;
- inserimento automatico a scatto della base dell'anta;
- facilità di regolazione di altezza e verticalità delle ante;
- carrello scorrevole dotato di sistema di antiscarrucolamento;
- DOTATO DI UN INNOVATIVO SISTEMA AMMORTIZZATO IN GRADO DI RALLENTARE E BLOCCARE L'ANTA.

SYSTEME COULISSANT

- système de coulissement traditionnel pour armoires avec portes non complanaires;
- système par éléments, à la modularité différente selon le débit, plus haut ou plus bas, qui met à disposition un grand nombre de modèles et un grand éventail d'opportunités d'emploi;
- rails en aluminium anodisé;
- le poids de la porte est déchargé sur le rail supérieur;
- mise en place automatique à déclic de la base de la porte;
- réglage de la hauteur et de la verticalité de la porte plus facile;
- chariot équipé d'un dispositif contre le déraillement;
- DOTÉ D'UN DISPOSITIF D'AMORTISSEMENT INNOVANT CAPABLE DE RALENTIR ET DE BLOQUER LE VANTAIL.

SLIDING SYSTEM

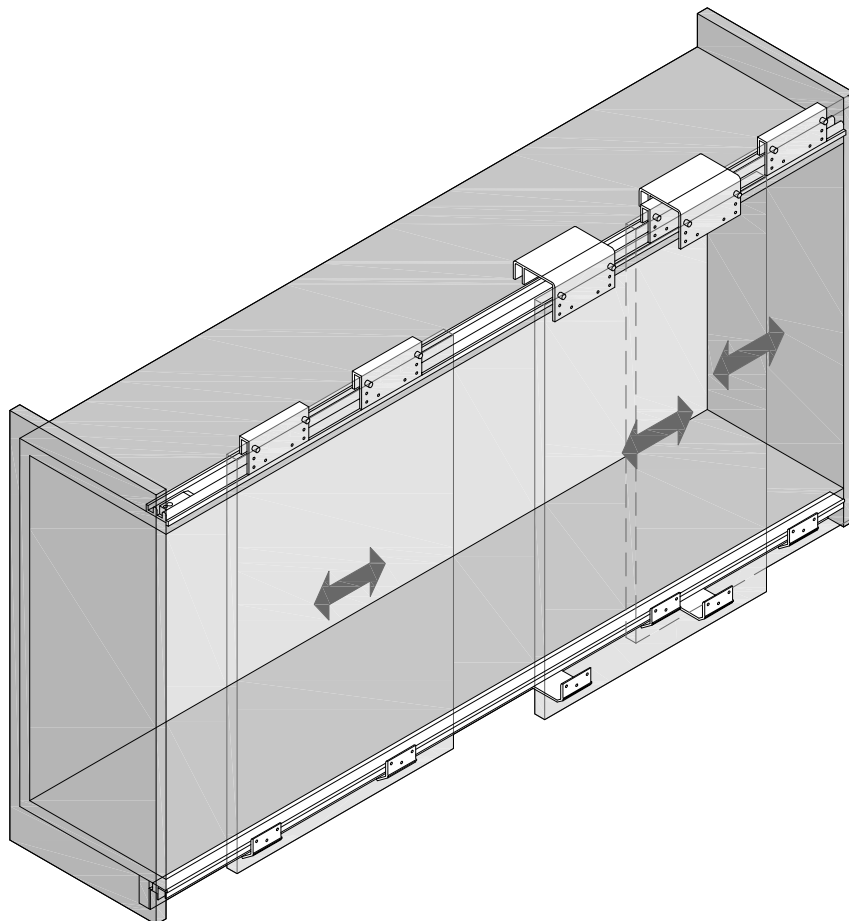

- traditional sliding system for wardrobes with non-aligned doors;
- being modular, the system, which varies according to the load it can carry, lends itself to creating numerous versions with many different uses;
- rails made of anodised aluminium;
- the weight of the doors is leaned to the upper rail;
- automatic insertion with deadlatch of the base of the doors;
- great easy in the adjustment of the height and the door's verticality;
- sliding truck equipped with antifleeting device;
- FITTED WITH NEW SHOCK-ABSORBERS TO SLOW DOWN AND STOP THE DOOR.

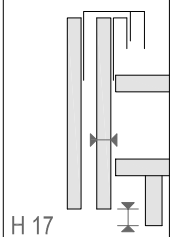

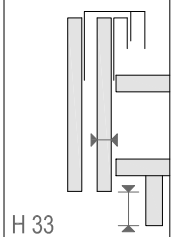

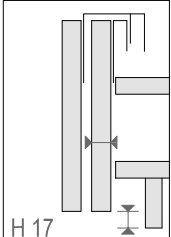

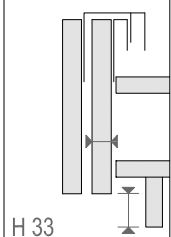

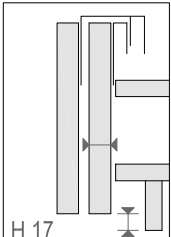

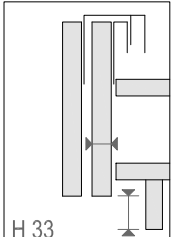

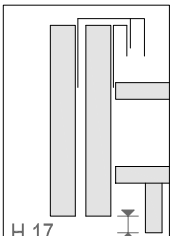

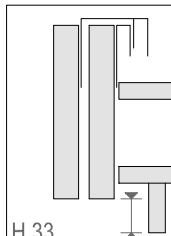

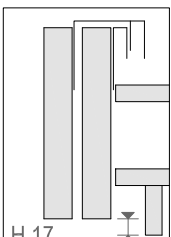

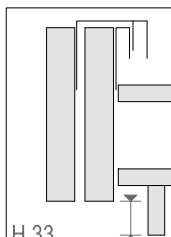

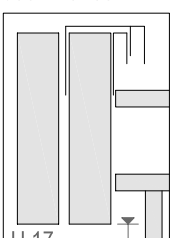

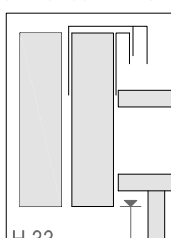

GLEITSYSTEM

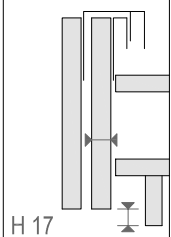

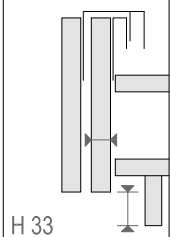

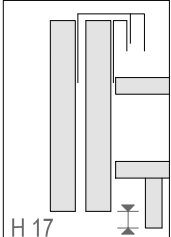

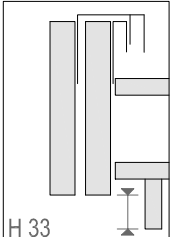

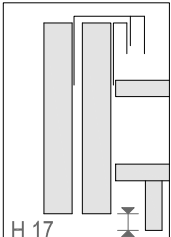

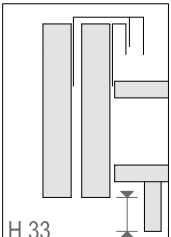

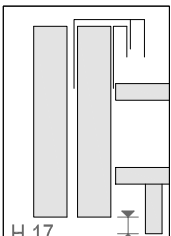

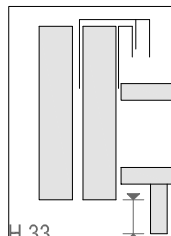

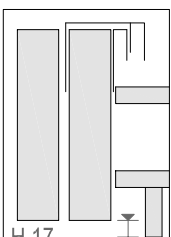

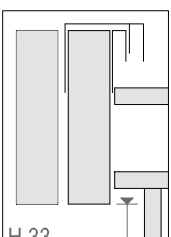

- Traditionelles Gleitsystem für Schränke mit Türen nicht komplanarchhieden;
- Die Modularität des Systems, unterschiedlich durch höhere und niedrigere Tragfähigkeit, ermöglicht zahlreiche Versionen und Verwendungsmöglichkeiten;
- Schienen aus eloxiertem Aluminium;
- das Gewicht der Türen wird von den oberen Schienen getragen;
- ein Schnappsystem ermöglicht den automatischen Einsatz der Türbasis;
- einfachere Regulierung der Höhe und der vertikalen Lage der Tür;
- Gleitschlitten mit abfallsicherem System ausgestattet;
- AUSGESTATTET MIT EINEM NEUEN PUFFERSYSTEM, WELCHES DIE TÜR ABBREMST UND BLOCKIERT.

SISTEMA DE DESLIZAMIENTO

- sistema de deslizamiento tradicional para armarios con puertas no complanares;
- la modularidad del sistema, que se diferencia por su mayor y menor capacidad, permite crear varias soluciones y ofrece muchas posibilidades de empleo;
- carriles de aluminio anodizado;
- el carril superior debe sostener el peso de las puertas;
- introducción automática con resarte de la base de la puerta;
- con este sistema es más fácil ajustar la altura y la verticalidad de la puerta;
- sistema que impide que el carro de deslizamiento se salga del carril;
- DOTADO DE UN NOVEDOSO SISTEMA AMORTIGUADO CAPAZ DE RALENTIZAR Y BLOQUEAR LA HOJA.
